

INZECTO MOSQUITO TRAP

Kills Immature Aedes Mosquitoes
Contains Mosquito Larvicide
Kills Aedes spp. Mosquito Larvae
Kills Container Breeding Aedes Mosquito Larvae

Easy to Use

Prevents Adult Emergence of Aedes Mosquitoes (including those that may transmit Zika, Dengue or Chikungunya virus) (by killing them in the larval stage)

ACCEPTED

06/09/2026

Under the Federal Insecticide, Fungicide
and Rodenticide Act as amended, for the
pesticide registered under
EPA Reg. No.

91605-2

Active Ingredients:

Permethrin.....0.022%
Pyriproxyfen.....0.00031%
Other Ingredients.....99.97769%
TOTAL 100.00%

KEEP OUT OF REACH OF CHILDREN

CAUTION

Si usted no entiende la etiqueta, busque a alguien para que se la explique a usted en detalle.
(If you do not understand the label, find someone to explain it to you in detail.)

FIRST AID

If Swallowed:	• Call a poison control center or doctor immediately for treatment advice. • Have a person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by the poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on Skin or Clothing:	• Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor immediately for treatment advice.

Hot Line Numbers

Have the product container or label with you when calling a poison control center or doctor or going for treatment.
For non-emergency information concerning this product, call the National Pesticides Information Center (NPIC) at 1-800-858-7378 Monday through Friday, 8:00 am to 12:00 pm Pacific Time (NPIC Website: www.npic.orst.edu).
For emergencies, call the poison control center at 1-800-222-1222, 24 hours a day, 7 days a week.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION. Harmful if swallowed. Harmful if absorbed through skin. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This product is extremely toxic to fish, birds and aquatic invertebrates. Drift and run-off may be hazardous to fish in water adjacent to treated areas. DO NOT contaminate water when disposing of equipment, washwater, or rinsate. DO NOT apply directly to water areas where surface water is present or to intertidal areas below the mean high-water mark.

The secret of (the) Inzecto Mosquito Trap lies in the patented coating inside that slowly releases pesticides killing aedes mosquito larvae. The trap is designed for female mosquitoes to enter and lay eggs. Can be used in conjunction with other mosquito management methods.

Preparing Inzecto Mosquito Traps: The Inzecto Mosquito Trap kills Aedes species mosquito larvae. The larvicide, pyriproxyfen, kills larvae that hatch from eggs flooded by rainwater entering the trap. The Inzecto Mosquito Trap is used to kill larvae, thereby preventing emergence of adult container-breeding Aedes mosquitoes that may transmit Zika, dengue, or chikungunya virus to humans.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling. For outdoor use only.

Remove Trap from Packaging. Fill the Trap to the top with room temperature tap water. The spout regulator will indicate when full. Mark on the calendar when water is first added to the Trap. Hang the Trap from a tree or place on the ground in a shaded area of the yard or under trees/shrubs, etc. **Trap must be placed in areas inaccessible to children.** Avoid placing trap in direct sunlight or near heated surfaces such as concrete, brick, asphalt pavements, and others. For best results, check the water level in the trap periodically, i.e. a week or more after a rainy day. If empty, refill with water. Trap will last for up to 3 months.

WARRANTY STATEMENT

To the extent consistent with applicable law, FLORIDA INSECT CONTROL GROUP, LLC (FICG) warrants that this product conforms to the chemical description on the label thereof and is reasonably fit for purposes stated on such label only when used in accordance with directions under normal use conditions. It is impossible to eliminate all risks inherently associated with use of this product. Ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of FICG. To the extent consistent with applicable law, FICG, shall not be liable for consequential, special or indirect damages resulting from the use or handling of this product. To the extent consistent with applicable law, all such risks shall be assumed by the Buyer. To the extent consistent with applicable law, exclusive remedy of any buyer or user of this product for any and all losses, injuries, or damages resulting from or in any way arising from the use, handling or application of this product, whether in contract, warranty, tort, negligence, strict liability or otherwise, shall not exceed the purchase price paid for this product or at FICG's election, the replacement of this product. FLORIDA INSECT CONTROL GROUP, LLC MAKES NO WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE NOR ANY OTHER EXPRESS OR IMPLIED WARRANTY EXCEPT AS STATED ABOVE.
